

SOLAR *Roles and Permissions*

The table below gives detail of the different roles that can be allocated within your centre and the permissions that each of those roles has access to. Users can be allocated more than 1 role by your centre administrator.

	Centre Users Management	Cohort Management	Schedule Assessment	Invigilate	Mark Scripts	Verify Scripts	Centre Details Management	Centre Candidates Management	Reporting	Keycodes	
Centre Administrator											Can be created by a Centre Administrator or the Solar Team
Super Tutor											Can be created by a Centre Administrator
Tutor											Can be created by a Centre Administrator
Invigilator											Can be created by a Centre Administrator
External Verifier											Can be created by a Centre Administrator

Note

The Invigilate permission can currently only be used when an assessment has been set as required to be invigilated by SQA.

Any further questions with regards to roles can be directed to solar@sqa.org.uk
